

## **2025 European Ski Trip – *More early details on the trip planning!***

**Travel Date; TBD Mid-January to Early February**

### **Courmayeur Ski Resort Italy**

We are well into the planning for our 2025 European Ski Trip to Courmayeur. The Courmayeur ski resort in the famed [Aosta Valley](#) in Italy, perfectly located on the sunny side of the Monte Bianco (Mont Blanc) massif. Courmayeur is a beautiful, refined town with an adventurous, big mountain spirit. The old cobblestone street village is perched under beautiful Mt. Blanc (15,780 feet), the highest mountain in Europe. Courmayeur is located on the border of France and near Zermatt Switzerland, skiers have the opportunity to ski 3 different countries in one week! Chamonix France is a 20-30-minute drive thru the Mont Blanc mountain tunnel.

### **Hotel Courmayeur**

- (7) nights lodging with breakfast and dinner daily
- Situated in the Heart of Courmayeur, directly in the pedestrian zone, next to shops, bars and the main cable car.
- Ski Lifts Distance for Hotel: Courmayeur Gondola 1,200 feet, Dolonne 2,900 feet

As in the past, ski rentals will be available since space constraints restrict the ability to bring your own skis. Lift ticket purchase information will also be available as plans are finalized.

The trip extension this time will be to Florence with preliminary travel plans to include the destinations such as Milan, Bologna, Florence, Siena, Pisa and San Gimignano. Florence will serve as the main hub where you will have multiple days to explore Florence, Tuscany and other surrounding areas.

The itinerary and pricing should be firmed up within the next few weeks.
